PROJECTS

SolTrust – Web3 Trust & Transparency Platform [↗](#) | [🐙](#)

- A Next.js + Tailwind CSS powered decentralized platform designed to foster digital trust and transparency, rooted in core Web3 principles.
- **Tech Stack:** Next.js, TypeScript, Tailwind CSS, JavaScript

PayThree - A PayRole & ESOP platform [↗](#) | [🐙](#)

- PayThree is a next-generation platform built natively for the Avalanche Fuji ecosystem, designed to redefine how organizations manage global payroll and ESOPs.
- **Tech Stack:** Solidity, TypeScript, JavaScript, Tailwind CSS

SecurePay [↗](#) | [🐙](#)

- Secure-Pay is a next-generation reversible crypto payment platform built natively for the Somnia ecosystem, designed to revolutionize how users send and receive cryptocurrency using simple usernames instead of complex wallet addresses.
- **Tech Stack:** Solidity, Typescript, JavaScript, Tailwind CSS

TerraChain – AI x Blockchain Land Record System [↗](#) | [🐙](#)

- Built a blockchain-based land record system with AI validation and safety. Integrated DigiLocker login and Meri Pehchaan.
- Added TerraBot chatbot and activity dashboard to enhance transparency in land records across India.
- **Tech Stack:** AI, Blockchain, Solidity, React, Node.js

EXPERIENCE

Neurolov.ai

Mar 2024 – Aug 2025

Moderator & Blockchain Developer

Remote

- Led Web3 community engagement, enforced rules, and contributed to DePIN project development.
- Contributed to smart contracts and token design work.
- Worked on DePIN, AI, and DeFi integration in blockchain tools.
- **Tools:** Solidity, Web3.js, AI APIs, Ops Tools

Forsage

Apr 2023 – Jan 2024

Sales Specialist

Remote

- Focused on Web3 onboarding, funnels, and AI-powered ads.
- Managed campaigns using Meta, Google Ads, and Telegram tools.
- **Tools:** Meta Ads, Google Analytics, ChatGPT, Notion
